Stroke Camp Volunteer Policies and Procedures

Each member of the Retreat & Refresh Stroke Camp (hereafter “camp”) staff: counselors, activity staff, medical staff, and administrative staff has a **responsibility** to provide for and protect the health and well-being of campers (stroke survivors and their caregivers).

Please read the following Practices and Policies Agreement **carefully and thoughtfully** then sign the statement of compliance that follows.

Medical Services: The camp nurse must be advised promptly of any injuries or health problems. All volunteers must follow decision made by camp nurse for themselves and campers.

Telephone Calls: Volunteers will not be paged for calls, except in case of emergency. The facility phone cannot be used for personal calls. Cell phones can be used during free time, but are to be kept silent during camp group activities. Often cell coverage is spotty at many of our camp locations.

Valuables and Cash: Everyone is urged not to bring highly valued clothing and accessories. The Camp cannot be responsible for loss or damage to personal property.

Professionalism: Confidential information given and received before, during, or after a camp must be held in confidence. Volunteers must act professionally toward all campers.

Smoking: Smoking on the camp grounds is forbidden and is extremely dangerous to the environment, and the health of you and those around you. If smoking is permitted, there will be a designated area to be used during your breaks.

Alcohol and Drugs: The use of alcoholic beverages or illegal drugs while caring for stroke survivors and their caregivers is strictly forbidden and will be considered grounds for sending a volunteer home. To be under the influence of alcohol or drugs in camp is not consistent with a volunteer’s responsibility to the campers. Camp Nurse or the Camp Director can release anyone who is under the influence during the weekend.

Camp Site Requirements: All volunteers and campers must abide by the contractual agreement signed by Retreat & Refresh Stroke Camp.

Safety at Camp: In order to protect both campers and volunteers, strict safety policies will be followed which include the Golf Cart and Walkie Talkie policies listed below:

Golf Carts: Golf carts are for the purpose of transporting stroke survivors and caregivers between points at camp, moving equipment when necessary, and for golf cart tours. The Camp Director will appoint golf cart drivers for the camp. Any use other than what is listed above must be approved by the camp director. **Anyone under the age of 18 or who does not have a valid driver’s license is prohibited from driving golf carts.**

Walkie Talkie Use: Often camp locations have poor or spotty cell phone coverage. Because of that fact, if there is an opportunity for campers to explore the outdoors and be away from the camp site, they must be accompanied by volunteers who have a walkie talkie. The base will be left with someone at the main site and agreed upon through the camp director before departure.

I acknowledge that I am volunteering to perform services for Camp, with no expectation of pay or remuneration of any kind. I understand that I will not be employed by or be an employee of Camp. Because I will not be an employee, I understand that I will not be covered by either state unemployment or state workers’ compensation laws or any camp insurance policy.

I further acknowledge that my volunteer services will not entitle me to any employee benefits provided by Camp to its employees. Either I or Camp may decide to terminate my volunteer services at any time and for any reason with, or without notice.

I have read the above Practices and Policies and agree to abide by the regulations of the establishment or the retreat. I am fully aware that adhering to the rules will be my sole responsibility. Deviation from these rules may be cause for immediate dismissal from Camp.
